

Charlevoix County Herald.

Vol. 25

EAST JORDAN, MICHIGAN, FRIDAY, JULY 8, 1921.

No. 27

Ball Team Is Reorganized

Prospects That It Will Enter North Michigan League.

The East Jordan Independent Base Ball Team is being reorganized and, if results being sought can be accomplished, East Jordan will have one of the strongest teams it has had in years.

One of the towns now represented in the Northern Michigan Amateurs League is, we understand, about to drop out of the running, and if our citizens give the local base ball players sufficient encouragement there is no reason why East Jordan should not be represented in the league.

As soon as the local players are organized a public meeting for those interested in baseball should be called and an effort made to get into the league schedule.

Next Sunday afternoon, July 10th, East Jordan plays the Gaylord team at the fair grounds near here, the game being called at 2:30 o'clock.

HENDERSON STOCK CO. COMING

Starting Monday, July 11, the old reliable Henderson Stock Co. will open their annual East Jordan engagement at the Temple Theatre. Mr. Henderson has been bringing his company to East Jordan a good many years, he comes this year all new and up to date with all new plays, all new faces, all new scenery. Mr. Henderson has selected for his opening play the sensational comedy drama in 4 acts "The Master Criminal" a play that never fails to please. Ask your merchants for tickets.

IMPROPER DIETS HANDICAP CHILD

Who rules "the great American home"? "The child, in too many instances," insists Dr. R. M. Olin, commissioner of health, in speaking of the findings of the traveling clinic of the state department of health, which in recent months, has held clinics in 25 counties in both the Lower and Upper Peninsulas and examined 5,211 children.

Of the 5,211 children examined 3,442, or 65 per cent, were found to be underweight on an average of seven pounds and six ounces—enough Dr. Olin says, "to seriously handicap the children, since this amount represents about 10 per cent of each child's weight".

"Undernourishment is not due to lack of food in the homes, in the majority of cases," states the commissioner, "but rather to the fanciful appetites of the children acquired through lack of discipline exercised over their diets, and to misunderstanding on the parents' part as to what constitutes a proper diet. On a conservative estimate 25 per cent of all Michigan children are seriously undernourished. It's a case of the child dictating to his parents what he shall eat and when he shall eat it."

"Thousands of families in rural districts where milk is cheap and easily obtained use but very little. The mere fact that the child may consider milk 'a baby food' is enough to keep it off the table."

To bring the children's weight up to normal, in order that they may develop properly and gain a normal resistance to sickness and disease, Dr. Olin urges parents to adopt a diet of milk, cereals, fresh vegetables and fruits for their children, and compel them to eat at regular hours.

CITY TAX NOTICE

City Taxes for the City of East Jordan for the year 1921 are due and payable from July 1st to July 31 inclusive without penalty.

On August 1st a collection fee of 2 per cent will be added and an additional 1 per cent on the first day of each succeeding month until taxes are paid.

G. E. BOSWELL,
City Treasurer

\$10.00 Reward

Ten Dollars (\$10.00) reward will be paid for information leading to the arrest and conviction of any party or parties damaging or destroying any street lamps, fixtures or other property of this company.

EAST JORDAN ELECTRIC LIGHT & POWER CO.
By L. G. Balch, Supt.

MRS. JOHN WILLIAMS LAID TO REST LAST FRIDAY

The funeral of Mrs. John Williams, who passed away Wednesday, June 29th was held from her late home on the West Side Friday afternoon. Rev. Marshall conducted the services and the remains were laid to rest in Sunset Hill cemetery.

Sarah Ida Baker was born April 6th 1867, at Killeby, Kene County, Ont., her parents being William and Maria Ann Baker. When but two years of age she came with her parents to this region when she continued to make her home until death. On March 16th 1888, she was united in marriage to Henry B. Stohlman. Two daughters were born to this union—Mrs. May Heinzelman of Midland and Miss Blanche Stohlman of this city. Mr. Stohlman passed away Nov. 9th, 1894, and on Oct. 21st, 1896 she was united in marriage to John Williams.

Deceased is survived by the husband and her two daughters previously mentioned, also by one sister, Mrs. E. S. Brintnall, and one brother, Wellington Baker, both residing near East Jordan as well as a number of more distant relatives.

Mrs. Williams' death came as a shock to her many friends. Leaving a fortnight previous to her death for a visit with her daughter, Mrs. Heinzelman at Midland. She was in good health up to the morning of her death when she suffered a stroke of apoplexy passing away in a few hours. The remains were brought to her late home here Thursday.

Card of Thanks

We wish to express our sincere thanks for the many kind acts extended us during our recent bereavement, also for the beautiful flowers.

The Williams Family.

NAMED AS CHIEF JUSTICE OF U. S. SUPREME COURT

WILLIAM HOWARD TAFT.

Washington—President Harding's appointment of former President William Howard Taft as chief justice of the U. S. supreme court was confirmed last week by the senate. Mr. Taft succeeds the late Chief Justice Edward D. White, who he had appointed in 1910.

LABOR DEPARTMENT FUNCTIONS

Governor Appoints James A. Kennedy
Chairman of Commission.

Lansing—Governor Grosbeck has announced the appointment of James A. Kennedy, Sault Ste. Marie; Thomas B. Gloster, of Detroit, and Carl Young, of Muskegon, as commissioners of the state department of labor and industry. The department became operative July 1. Kennedy and Gloster are members of the state industrial accident board, which will be absorbed by the labor and industry department. Young was formerly president of the Michigan Federation of Labor. Kennedy will be chairman of the commission.

Advice From James J. Hill.
If a young fellow doggedly bucks the world and circumstances without sense or reason all the time, he is liable to get nothing more than a sore head. He must know how to take advantage of opportunities, to use his brains; in short a young man who has no brains ought at least to have enough animal sense to find it out and learn to depend upon and get what benefit he can from people that have got brains.—James J. Hill.

UNUSUAL HAPPENINGS AND OTHER BRIEF NEWS

Quebec Gets 1922 Catholic Meet.
Quebec — Announcement that this city has been chosen by the Catholic hierarchy of North America in which to hold the uharistic congress in 1922.

Warren Appointment Confirmed.
Washington—Charles B. Warren, of Michigan, and William Miller Collier, of New York, were confirmed by the senate as American ambassadors, respectively, to Japan and Chile.

Woman's Hair Caught in Shaft.
Grand Rapids—Mrs. Anna Meade, 35 years old, of Detroit, was injured in the dairy plant of her brother, Al-caught in a shaft and torn from her head. Mrs. Meade had stepped on a scale to be weighed.

Request for Flogging Granted.
Santa Anna, Calif.—Flogging with a rawhide was the punishment meted out in open court to Juan Torres at his own request when he pleaded guilty to beating his wife. Justice J. B. Cox administered three lashes on Torres' back, raising three large welts.

May Panama Traffic Light.
Washington—Traffic through the Panama canal in May was the lightest for any month since June, 1920, according to the current issue of the Panama canal in May was the lightest for any month since June, 1920, taled 210, an average of 6.8 per day.

American Surgeon Signally Honored.
Paris—Dr. Alexis Carrel, the noted American surgeon, has been elected a National Associate of the Academy of Medicine. Under the rules of the academy there may be only 20 National Associates, all of whom have heretofore been residents of France.

"Gentlemen" Bandits Rob Clerk.
Miami, Fla.—Two "gentlemen" highwaymen, one in evening dress, the other wearing a tuxedo, entered the city hall, just around the corner from the police station, held up J. C. Turner, assistant city clerk, and escaped with \$4,850 in cash and \$600 in city checks.

Michigan Man is Appointed.
Washington—Frederick J. Affeldt, Jr., of Grand Rapids, Mich., has been appointed a national bank examiner at a salary of \$4,000, on recommendation of Senator Newberry. Affeldt has been assigned to duty in the Seventh district of the federal reserve bank system, with headquarters in Chicago.

Esplonage Act Violators Pardoned.
Wheeling, W. Va.—Three men, convicted of violating the espionage act in 1918 and sentenced to the Moundsville penitentiary, were released through executive clemency granted by President Harding. The men were: C. B. Schoberg, Henry Kruse and Henry Feltman, all of Latonia, Ky.

Remove Safety Pin From Stomach.
Arkansas City, Kansas—An open safety pin swallowed several days ago by the eight-months-old son of Mr. and Mrs. George Jacques, of Uncas, Okla., was removed from the baby's stomach by physicians. The pin was closed by the use of instruments and lifted out through the child's mouth.

Says Man May Beat Wife.
Anderson, Ind.—If a man's wife needs to be chastised it is no infraction of the law for the husband to administer "reasonable punishment." This is the opinion of Mayor Black, expressed when Ross Smith was arraigned in city court for beating his spouse. The mayor, sitting as judge, acquitted Smith.

Seeks Release of Daughter.
Grand Rapids—Alleging that his daughter, Laura Funk was illegally taken from him and committed to an institution in Monroe by the Kent juvenile court, David Funk of Rockford has filed a petition in the supreme court asking that a writ of habeas corpus be issued to return his daughter to him.

WATER TAX NOTICE

Water Taxes for the quarter ending June 30th are now due and payable at my office over the Hite Drug Store. If not paid by July 30th, 10 per cent penalty will be added.

G. E. BOSWELL
City Treasurer.

G. and S. S. vs. Concrete

Uncle George's Views of Good Roads in County.

Every mile of gravel road built in Charlevoix immediately becomes a mortgage on the county, which grows larger and larger each year, because it will have to be repaired all of the time and rebuilt every two or three years. Now, when the difference in the cost between a gravel road and a good concrete road is so small why not build concrete? Note the concrete on Dixon avenue which has already been down 6 years, and the same as Main street, East Jordan.

Accept my Christmas greetings for the year 1917.

Yours truly,
George H. VanPelt.
President Charlevoix County
Good Roads Association.

To the Board of Supervisors and the Taxpayers of Charlevoix County, Michigan:

Inasmuch as heretofore in 1916 and 1917 we all worked together so harmoniously, I ask you to read carefully my 1917 Christmas card regarding gravel roads. At that time I was your President of the County Goods Roads Association. When you have digested it take a ride over the entire system of the G. and S. S. (Gravel and Soft Stuff) road and then take a ride over the concrete roads which are now eleven or twelve years old and by actual measurement show only a scant 1-4 of an inch wear in all this time. Now note the cost of the upkeep, only fourteen dollars for eleven years, and this for filling the cracks with tar. One dollar and twenty-seven cents (\$1.27) per mile per year. Then find out (if you can) how much or how many hundreds of thousands of dollars we taxpayers have paid out for the G. and S. S. (Gravel and Soft Stuff) roads since the beginning of our highway system.

I estimate that between five and six hundred thousand dollars. The concrete roads in 1917 cost us eleven thousand dollars built by John Monroe the gravel between five and six thousand. We bonded in 1917 so we could have built the 18 miles on the Dixie Highway during the year 1918 for about the same price, but to be sure and make a safe estimate, the engineer, Mr. Sloan, and myself allowed fourteen thousand.

I blame the city of Charlevoix for not having had this built but they were asleep and no one so far as I can learn lifted a finger to put it through. In 1919 a bid was made you to build the six miles from Greensky hill to the Emmet county line for \$26,500.00 per mile. Had this contract been let the road would have been all finished during the summer of the same year. But the bid was turned down as I understand it by the Board of Supervisors and given to the same parties who built our G. and S. S. because they could build it for less than \$19,000 per mile.

You know the rest, and that instead of the Petoskey road being out of commission only one year, we are now in the third year and the road is not finished. As I have been told on the street there is no money left with which to build a concrete road from Charlevoix to the Antrim county line, but they talk of building a G. and S. S. I have never been able to learn what the 3 or 4 miles of concrete road cost. Nobody seems to know. Is this good business for our beautiful county to continue building roads this way? If I am wrong in any of these statements I wish to be corrected, because it is the earnest desire on my part to do no one an injustice and it is for the good of the county that I bring this before you.

Yours truly,
Uncle George VanPelt.
Charlevoix, Michigan, June 30, 1921.

Rome.
The traditional date for the founding of Rome is 753 B. C. Rome has been described as a city-state. It was at one time recognized as the capital of the ancient world. Since 1871 it has been the capital of modern Italy. The city is distinguished for its vast ruins, its many historical gates and its monuments, both ancient and modern. Rome is inclosed within a circle of forts 30 miles in extent.

Discriminate.
Don't call a man hard names unless you know he is soft enough to permit it.—London Answers.

TRADING PLAN TO PLACE GOOD SIRE

Pure bred bulls of high class will be owned in greater numbers than ever before on Michigan farms if the four-fold plan for exchange, proposed for the Dairy Demonstration Tour to be made over many counties of the state in August, is carried out.

In every county visited one pure bred sire will be traded for a scrub, animal for animal. Details of this portion of the plan are not yet fully worked out, but it is preferred to have a group of men bring in the scrub and own the pure bred co-operatively.

According to the second proposed method all scrub and grade bulls of breeding age brought to the "better sire train" will be received at a one cent premium per pound over prevailing Detroit market prices. In return the farmer will be provided with a registered Holstein bull from six to twelve months old, the selling price of the scrub to apply on the pure bred and the farmer to pay the difference in cash. A special low price will be placed on these registered animals.

Another suggestion is that the local Chamber of Commerce or similar interested group buy the pure bred sire, then dispose of it to some suitable farmer by means of tickets numbered and given out by merchants. The period for which the bull is to be retained by the lucky farmer may be limited to two years.

The fourth plan proposed and the one most favored by dairy leaders at M. A. C. and elsewhere in the state is the formation of bull associations. These may be organized through the aid of county agents so that a number of individuals will benefit with no great expense to any of them.

Itinerary for the tour, which is to be conducted jointly by M. A. C., New York Central & Pennsylvania railroads of the state, and the Michigan Holstein-Friesian association, is now being arranged by J. A. Waldron, dairy extension specialist at the college.

BONUS BOND CHANGE DELAYED

Fight to Issue Bonds in Serial Form
Again Taken Up.

Lansing—After the senate, meeting in the second extra session, had rushed through within an hour the governor's bill removing the obstacles to the sale of the bonds, the house by a vote of 39 to 35, adopted Representative Franklin Moore's motion to adjourn until the next day, with the prospect that the fight to have the bonds issued in serial form would be taken up at that time. This would mean several days' delay before all the necessary changes could be made.

TARIFF SCHEDULE SUBMITTED

Measure Reported Out to Senate by
Representative Fordney.

Washington—Representative Joseph W. Fordney, chairman of the ways and means committee of the senate, has introduced his bill providing for new tariff schedules to replace the Underwood law. Sharply conflicting views as to the tax burden to be imposed on the American people were expressed by Republican and Democratic leaders, and this would indicate that it will be some time before the measure is adopted.

STATE TO GUARD LIQUOR SUPPLY

Administrative Board Orders Building
for Storing Purposes.

Lansing—The long disputed question of what is to be done with the state's excess liquor supply has been settled by the state administrative board. A reinforced concrete stronghold will be constructed at the state police post in East Lansing. Liquor will be stored there. Not more than \$5,000 will be spent on the building, which will be guarded.

Jews in Civil War.

The records show that more than 8,000 Jews served in the American Civil War. The list included nine Jewish generals and 18 who attained the rank of colonel. Over 4,000 saw active service in the Spanish-American war.

Another Ancient Civilization.

Remains recently discovered in the vicinity of El Perote, State of Vera Cruz, reveal the existence of an ancient civilization hitherto unknown. Idols discovered are neither of stone or clay, but of a curious bright substance, heavy and looking like tin.

The first section of the Boyne City Tuberculosis Eradication campaign closed June 11th. One thousand five hundred and ninety-five head of cattle were tested, tagged and charts were made out for each of these animals and the proper records made out for Lansing and Washington offices. The percentage of reactors found was less than one and one-half per cent, which comparing with the records of other sections, showed that our cattle are remarkably free from the disease. Dr. High is now working in Antrim county but we expect him back for more work during the month of August. Those who have not as yet signed up should see that their application is sent to the County Agent's office in the very near future. We have a number of herds all ready signed up, which was impossible to get to during the first campaign.

Wool receiving days have been scheduled as follows: Boyne City, July 18th; Charlevoix, July 19th. The State Farm Bureau wool graders will be on hand on the above dates to weigh and grade all wool brought in. This will enable the grower to know what kind of wool he is growing and the comparative value of the same. It will also enable him to more intelligently select and breed sheep.

Charlevoix County is to have one stop of the Dairy Demonstration train, which has been scheduled through co-operation of the Michigan Agricultural College, Michigan Holstein Friesian Association and the Michigan Central and Pennsylvania Railways. This train will be well equipped containing in all some five cars. We anticipate a large crowd when it pulls in sometime the latter part of the second week in August.

Through re-organization of the Emmet County Cow Testing Association, six Charlevoix County Dairymen have been taken into the Association and the name changed to the Emmet-Charlevoix County Testing Association. Two of these men will do semi-official work and we anticipate some very good records being made, which will be a decided credit to the county. Mr. Wilcox, the tester, has been in the county for the last ten days and informs us the work is proving quite a surprise to most of the dairy men. The record shows in dollars and cents what a cow is worth to his owner every month.

C. W. WING,
County Agricultural Agent.

Garden Notes

(By M. A. C. Horticultural Dept.)

Mildew on Rambler roses may be controlled by dusting the plants every few days with finely powdered sulphur. Better cut out and destroy all old canes of raspberries and blackberries soon after the fruit is all harvested. This aids in controlling insects and diseases and gives one an opportunity to thin out the new shoots so they make a better growth and bear more fruit the next year.

When renewing the old strawberry bed the tops should be moved and burned as soon as possible after the crop is harvested. When the plants are grown in hills it is important after cutting the tops to draw a little fresh soil over and around the plants to induce the formation of new roots above the old ones. Matted row plants should be thinned by plowing or deep cultivation on each side of the rows leaving only a narrow row of plants. The remaining plants should then be thinned by hoeing to stand several inches apart in order to leave fresh soil for the new runner plants to develop.

When setting late cabbage and celery plants clip off about one-half of the tops to prevent wilting and loss of plants.

To Remove Tar or Grease.
A very sure and safe way to remove tar or any such grease stains from colored ginghams is to rub wall into the spots fresh lard. Let it lie several hours; then wash in warm soapuds. All spots will come out easily.

TENOR SOLOIST RECOMMENDS FOLEY'S

John F. West, 272 Morris Ave. Trenton, N. J., well-known tenor soloist, writes: "I had a severe cough and tickling in my throat. I tried Foley's Honey and Tar and was relieved at once. I can highly recommend Foley's Honey and Tar." Good for coughs, colds, croup, hay fever, asthma.—Hite's Drug Store.
